## Wrap Up Their Year with a Cover of Snow Patrol's "Chasing Cars"

Originally performed on the Australian radio station Triple J, the cover follows the electro-pop duo's *WET TENNIS* LP from earlier this year.

station Triple J—but only after working up the courage to take on such an important piece of music. “We still can’t believe we even dared to touch it...it’s such a masterpiece already,” they share. “Tuck doesn’t usually volunteer to sing, but there’s probably no other song he’s sung more in his life. So he was comfy enough to give it a go.”

The cover matches the delicacy of the original, only maintaining that intimacy throughout rather than leaning

## Bass Drum of Death, *Say I Won't*

The Mississippi garage rockers move past lo-fi toward a more soulful and power-chord heavy sound on their Patrick Carney-produced fifth album.

...they don't  
depicts that state...of  
being intimate with  
someone, of forgetting  
the whole world exists,  
when you're together.  
The lyrics couldn't be  
more perfect. The two  
opening notes are  
iconic... We hope it  
pulls at the  
heartstrings of people  
who once listened to  
this song the way we  
did, and maybe it'll  
introduce some people  
to the song altogether,  
in which case...you're  
welcome."

Check out the cover  
below. SOFI TUKKER  
have also been  
announced as brand
